Payment options
        His current account with Square has a lower rate, let's try to integrate with his account and use that lower one

Profile Layout:
        Horizontally: Logo Header, then Profile Info, then Classes (ex: Math, Bio) main Section. Clicking a Class -> takes user to a new page for all past video solutions under that class, and able to submit a new hw-image under that Class/subject.
        -clean, minimalistic, black and white color scheme still

Email Notifications:
        Include company logo, some kind of submission notification, make it clean and structured

Showing New additions
        Showed paypal checkout button
        Showing claim board, with image uploads, tutor claims
        Showing admin profile

Create account -> set up info -> set up school -> set up classes for that specific school -> bring to profile page
        Only show classes that are available at that school

Home -> choose a class -> show previous videos or submit a new image here

For how classes are rendered

       Show local classes that allow follow-up appointments

       Show out of area classes that only available online
