Minutes
Design Review Presentation
        We had the best presentation Ana has seen.
        Taylor still looking at the screen a lot during speaking.
        Jesus still slightly nervous while presenting.
        Both minor things, great presentation.
        We got 98/100, happy team.

Tech Demo to Ana
        Showing our most recent work
        Considering requirements document and checking off finished requirements while
showing Ana, to make sure we are on track with basic functionality.

        Account sign up
                Demoing a student sign up
                Demoing a tutor sign up, access revoke, and delete
                Demoing image upload and claim
                        Multiple images viewable, claims posted to tutors
        Tutoring viewing image claims, filtering by class, claiming a single image, images sorted
by oldest first.
        Tutor can claim image, have image removed from claim board and no other tutor can still
see the claim.
        Tutor can upload a video response, student can view these videos
        Student's videos track purchase flag, don't preview without being purchased, do preview
after being purchased.

Walking through requirements, all requirements met.
